Manager of the GAZETTE.

The Denver press seems to be treating Mr. Cable very well. Somehow the papers have got an intimation that he does not build or apply.

Mayor Lee says that he is opposed to any candidate who has not faithfully fought for his party and his friend. This reminds one of the time when Mr. Lee left big Green mountain home. He is still, however, in favor of faithful sprinkling his friends.

The complaint against the druggists does not show what part of the ordinance has been violated. If it shall appear that they have sold liquor by the glass to be drank on the premises, they should be punished to the full extent of the law. The ordinance is so liberal that there is no possible excuse for a druggist violating it. The saloon must go.

The death of Archbishop Lamy will cause sincere regret to all who knew him. For thirty seven years he was the head of the Catholic church in this section of the country. While devoting himself entirely to his work, he won the sincere respect, and in many cases warm affections and friendship of the people with whom he came in contact, without regard to denomination. While he, perhaps, did not endure the sufferings of many of the early Jesuits who came to New France and settled in the Mississippi valley, he yet braved many dangers and may be considered the first apostle of the Catholic church in the Rocky mountain district.

In making the appropriations for the coming year the council might consider the feasibility of having an overhead crossing at the railroad track on Huerfano street. There are so many trains passing now that the crossing is dangerous. Approaching the crossing from the west it is difficult to see the trains that are switching. The crossing at present is in what might be called the yard, and much switching is done in it. It would be a great help to the railroad to have this overhead crossing, because it would lessen the danger of accidents, besides giving greater convenience in handling trains. Trains could then stand on the crossing. Very soon the street car line will be in operation and the danger will be immensely increased. Only a few days ago there was a serious accident of a railroad train running into a horse car. We do not know that the city's finances will permit of an expenditure for this purpose during the coming year, but if the railroad should make a larger contribution it might be feasible.

The Western North Carolina Baptist, under the headline, "Where to Raise a Boy," has the following:

We have received a number of the Colorado Springs Gazette, published at the present time in Colorado. We are told that the party spirit is so strong there that the people of that place have to go to Denver to get a decent paper. The Gazette is a very respectable paper, and we are glad to see that the people are prospering in the prosperous city.

Dr. Wyeth of Denver has been appointed by Governor Routt as a delegate to the Sanitary convention to be held in Washington, D. C., on the 15th inst. Dr. Wyeth is a man of broad views and a public spirited citizen, and will no doubt make a good delegate. He was one of the organizers of the Denver Medical Society, and is a member of the Denver Medical Association, the Colorado State Medical Society, and the American Medical Association. He has been a member of the Denver Board of Health for several years, and is now president of the board. He is also a member of the Denver Board of Education, and has been for several years.
